**\*Owned or exclusively represented by Corporate AirSearch Int'l., Inc.**

Happy New Year! As expected, the activity towards year-end was fairly sluggish in the TBM 700 market. Most prospective buyers were not focused on buying a TBM 700 as a gift for a loved one, however there were still two pre-owned TBM 700's that traded which are listed above. This is a very respectable two-month period considering many buyers take time off from searching for an aircraft during the holidays. Please note our Newsletter and company only tracks and markets pre-owned TBM 700's so there would be a couple of brand new TBM's that sold during this period. We expect that 2003 will be an excellent year for the TBM as now, more than ever, flying on the airlines is too often no longer a pleasurable or productive experience! Some will elect to purchase a reliable well built turboprop that offers the most bang for the buck. The most obvious choice is the TBM 700 considering it costs approximately \$1.00 per mile to operate and offers normal cruise speeds in excess of 300 MPH and range up to 1,500+ miles.

We would like to welcome the following new TBM 700 owners:

- Randy Wheeler                      1995 TBM 700, S/N 102 (previously FLYFRICKS TBM)

Please visit our website at [www.CaiJets.com](http://www.CaiJets.com) to view pictures of the TBM 700's we have available for sale and lots more information on the TBM 700. If you know of someone who is interested in receiving our newsletter please have him or her sign up at [http://www.caijets.com/TBM\\_700NLet\\_Form.htm](http://www.caijets.com/TBM_700NLet_Form.htm).

If you are ready to take the next step to purchase a TBM 700 please let us know. We can offer attractive financing packages and have the ability to takes trades. We look forward to hearing how we can be of assistance.

Thank you,

James P. Hanley  
VP Sales & Marketing
