The following is more information on Air Journey from their website:

Welcome to Air Journey

Since 1998, we have shared our joy of adventure with fellow pilots. We have shown them the joy of flying in their own plane in small groups across the World to destinations such as the **Bahamas, the Caribbean, Canada, Central America, Europe, South America**, and many others.

Now it is your turn to join us and to share our flying vacation concept that you do the flying and we take care of the rest.

Our Journeys are **all inclusive** and guided by a **world experienced Pilot/Journey Director**. No more headaches of where do we go? Where do we stay? What papers do we need? How much is the transfer? What should we visit or experience? The Air Journey team is along with you to take care of these details, answer your questions, and be your Concierge. Our journeys range in length from **4 to 70 days** and visit anywhere from **1 to 24 countries**. There is certainly a journey to meet every pilots flying dreams while also providing themselves, family and friends with exposure to remote and unique destinations, luxury accommodations, and first class service.

We choose our itineraries based on the uniqueness of the destinations, quality of the hotels and enjoyment in that our journeys are one of a kind and only experienced by a select few. We fly most of our Journeys in VFR weather and always only during daylight hours. Our Journeys are open to no less than 7 or no more than 15 airplanes.

It is my pleasure to introduce you to the new website www.Airjourney.com, a gateway for all pilots to receive up to date information on our amazing trips, and piloting information such as weather and necessary documentation for flights and traveling. Please feel free to email Air Journey with any suggestions regarding the new web site or typos in the text.

The majority of our guests each year are those returning for a 2nd, 3rd, 4th or even 5th adventure with us. Join us and our many satisfied guests on one of our unique journeys and expand your horizons as well as your flight log. I hope you enjoy our new website and you will make plans soon to join us for a flying Journey to remember.

We are happy to answer any questions you have and look forward to talking with you soon.

Blue Skies and Tail Winds Always.....
