***Owned or exclusively represented by Corporate AirSearch Int'l., Inc.**

A very respectable ten pre-owned TBM's traded hands since our last newsletter two months ago. We are starting to see more pre-owned TBM's become available for sale as owners continue to upgrade to TBM 850's, PC-12's and jets like the Mustang, Phenom 100, and the CJ2+. With the increased fuel pricing we are now getting inquiries from King Air, Conquest and older Citation drivers that are looking for a more fuel efficient aircraft like the TBM. The TBM is still the best bang for the buck so we expect more folks to downgrade from larger equipment as the price of Jet A continues to skyrocket. We are also seeing strong demand from Europe due to the weak dollar so we expect to see more aircraft like the TBM being sold into Europe.

Please take a moment to visit our website at www.caijets.com to learn more about the TBM and view the following TBM's and our other aircraft inventory we have exclusively available for sale.
