Activity in the pre-owned TBM 700 market was somewhat sluggish since our last newsletter. With the accelerated depreciation and low interest rates TBM buyers were opting to purchase brand new TBM 700's over pre-owned TBM's. However, recently we have seen a reemergence in buyer's for pre-owned TBM's. We have sold our 1993 TBM 700, N702JP and Tom Bijou has sold 1991 TBM 700, S/N 20. We are also aware of several pre-owned buyers that are currently making offers on early and late model TBM 700's. If you are a TBM 700 owner and are considering the sale of your aircraft please contact us as we have several qualified buyers.

If you are ready to upgrade from a TBM 700 to a light jet now is an excellent time to consider upgrading as the prices in the corporate jet market are at all time lows.

We would like to welcome the following new TBM 700 owners:

- David S. Blakeslee      1991 TBM 700, S/N 20
- Brian Foley              1993 TBM 700, S/N 85
